

Update instruction:

Pls follow the steps below to finish the MV400 update.

1. Download the file, upgrade.aut, to your mini SD card.
2. Insert the mini SD card into MV400.
3. Power on MV400. When you saw AUTEL splash screen, long press **Up Arrow** button, then the tool will enter an update mode.
4. Select the green tick to begin update.
